I really love this program it help me connect with my kids.

Yes First off I have not been  
able to get the mother of my children  
to let me talk and interact with them  
until I told her I made a  
CD of me reading a book to the kids  
Anyway your Little Program has  
opened the doors for my children and I  
to rekindle our relationship

So Thank You All Very Much  
For This Program, You help more  
than you know "God Bless"

RE: Rochester Story book

I found the program to be An-excellent way/Form to encourage my grandchildren on benefits of "Reading" Ability to experience through words Opportunities, such as places ~~they're~~ where they haven't been through reading they're able to visit see verbally other worlds etc... THE staff does a tremendous job with materials made available for the sharing with family, members as well those incarcerated.

Your attention in this concern regarding services will be sincerely appreciated.

THANK YOU!!!

I Love this Program it Keeps  
Family together,

I Love Storytime y me because being lected up  
With my 1st child out alone & so young this helps bridge the  
gap between me & her. Since i cant talk to her as much  
as i would like to, this helps me communicate & Teach her as  
I would being home
